

Different configurations

The minimum configuration includes:

- The MARTIN PECHEUR® (DE395031)
- 1 anode (DE870741)
- 1 anode carrier stick (DE890602)
- 1 anode cable 1.2m (DE900600)
- 1 pair of magnetic gloves (DE900301)
- 1 cathode (DE395081)
- 1 batteries charger (DE495041)
- 1 tin trunk (DE395071)
- 1 battery (DE395041).

We recommend adding a spare battery to this configuration.

Other configurations are possible: a longer cable anode, a specific anode...

Please contact us for any specific applications.
